

About Us.

TeenCon is an organization driven by youth, committed to fostering large-scale empowerment among young people. Since 2024, we have been hosting multidisciplinary panel conferences, talk shows, and Model United Nations (MUN) events across various university campuses in India. Our inaugural editions, TeenCon'24 and '25, successfully united over 600 delegates from more than 40 institutions across five states for a transformative three-day experience.

We create events that empower youth both physically and mentally. As a platform, we provide the younger generation with exposure to the real world. Our industry connections and diverse event verticals offer one of the most enriching and enjoyable experiences for youth, blending productivity and recreation seamlessly.

TEENCON EVENT IMPACT REPORT

Executive Summary

TeenCon has successfully hosted five events since 2024, beginning with its inaugural Model United Nations conference, TeenCon'24. This was followed by TeenCon'25, the Global Reach Talk Show, TeenCon Debates Edition 1, and the TeenCon Quiz at Cotton University. With the upcoming TeenCon'26 MUN, these diverse conferences have helped us amass a substantial following.
